

Role Title

Examination Operations Officer (The role title could change based on placement)

Role Information

Role Type	Pay Band	Location	Duration	Reports to:
Administrative	Pay band 3	Sri Lanka	Indefinite	Generic: Assistant Manager Exams Operations (The role title could change based on placement)

Role purpose

The purpose of this role is to support the administration and delivery of exams ensuring good internal and external stakeholder management, adherence to strict British Council and Exam Board quality and compliance standards, and managing risk, in meeting the business targets of the exam's unit.

About us

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust. We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

Geopolitical/SBU/Function overview:

The English and Examinations Strategic Business Unit (E&E) is one of three strategic business units in the British Council (the others being Arts and Education & Society) all of which have the remit to build trust for the people of the UK by building relationships through aspects of our language and culture. E&E achieves this by enabling people across the world to access the life-changing education and work opportunities that are created by learning English or gaining valuable UK qualifications. Promoting the English language also provides a medium for communication, helping break down barriers of misunderstanding or mistrust between cultures. The British Council's 2020 vision for English & Examinations is to be the world authority in high quality English language teaching, learning and assessment, as well as the International distributor of choice for UK professional and school qualifications.

The Examinations business makes a significant contribution to British Council financial sustainability, and as such, it is essential that the business evolves in order to maintain its position in a fast-changing operating context. There is a need to standardise and automate activities across the globe to deliver efficiencies, and there is also a requirement to develop new digital products and services to meet changing customer demands and competitive pressures. In a cost and resource-constrained environment, balancing the on-going requirements and allocation of funds will be critical, as will the integration and planning of the implementation of the different changes across a global network of 110+ countries charged with the on-going delivery of impact and income whilst changing key elements of the supporting operational platform.

The British Council Sri Lanka delivers a wide range of UK qualifications, including English language assessments IELTS, Aptis and Cambridge Assessment, School, University and Professional qualifications in excess of 100,000

exams a year, across Sri Lanka and Maldives, through our offices in Colombo, Kandy and Jaffna, and in the Maldives.

Main opportunities/challenges for this role:

- There is a new Global Operating Model for Exams being implemented across the business and this role will be key to supporting delivery of our exams operations at test centre level, working with new systems and processes and ensuring that new ways of working are taken up and adhered to.
- Acting in unforeseen situations to solve problems to ensure exams delivery is successfully executed.
- Travel across Sri Lanka and the Maldives
- Weekend and evening working in order to deliver exams according to UK key window times.

Main Accountabilities:

Operations Support

- Supports functions related to planning and logistics of the exam's operations;
 - Support managing supply chain
 - Support ordering of resources and quality control
