

Lesson – Teaching Prepositions by means of a picture story (The Lion Hunt)

Problem – Many students have difficulties in using prepositions correctly

#### Objectives

- To enable students to use prepositions correctly and meaningfully
- To create an interest among learners to use the English language more confidently
- To develop listening and Speaking skills in a more effective manner
- To develop the writing skill
- To develop creativity among learners

## Integration of Listening and Speaking skills by A Jayalath Basnagoda

### Methodology

### Findings

- Simple stories can be effectively used to teach prepositions
- Students desire to learning increased considerably
- students motivation and maximum participation could be found
- Integration of Listening and Speaking skills proved to be success
- Students confidence in using the language increased considerably
- Learner centered approach can achieve the set objectives more easily
- The application of subject knowledge was seen in practical situations of students' lives
