

Welcome Pack

Secondary Plus

**Build English
skills. Build
friendships.
Learn
together.**

Your child's course

The health and safety of our students and teachers is important to us. We will resume classes face to face at our centres in line with government regulations. A reminder that in the event the situation changes, and we are instructed to suspend face-to-face classes in line with government guidelines, we will immediately move online.

Please click on the links below to access the parent and student guides.

Face to face classes: Please click here to access the parent and student guide.

Secondary Plus is a modern and innovative English course unique to the British Council. The course content has been created by a team of experienced British Council teachers who know and understand the needs and wants of our teenage students.

Our courses are designed to build students' confidence in developing listening, speaking, reading and writing skills so that they become better communicators. Students will improve their speaking skills through a variety of activities, including delivering presentations and through various project based activities. The course is delivered in an exciting magazine style format which students get access to at the beginning of each module.

Secondary Plus is more than an English language course, it consists of five key components:

Project based

Apply language skills whilst working on real-world projects

Core life skills development

Develop critical thinking, collaboration, leadership and problem-solving skills

Independent learning

Learn to express opinions openly and think independently

Language skills development

During each module, the student works on a variety of speaking, listening, reading and writing exercises to learn new language.

Real-world learning

Each module focuses on subjects that are relevant to teenagers and cover real-world topics that affect people on a global scale.

To further enhance the learning experience for our Young Learners, our online and face to face classes are limited to small groups. This gives us the opportunity to spend more time with each student and maximise teacher and student interaction.

Free activities

In addition to your child's course, we have optional fun activities exclusively for our Young Learners.

Speaking activities and presentations

Quizzes and games

Special days/events

We will send regular updates during each term.

Child protection

We believe that child protection requires everyone to take responsibility and that every child matters. Your child's safety is very important to us.

To keep your child safe while they learn with us, we have worked with our global child protection team to put safeguarding measures in place. Please support us by reading through our code of conduct and parent guide. For further details on our Child Protection policy, [click here](#).

Our inclusion policy

Every child is important to us and we want them to feel comfortable and welcome in our classes. Please [click here](#) to view our inclusion policy on how we make our centres welcoming and easy to use for as many people as possible, especially people who are disabled or have special educational needs.

Raising concerns

Please tell us if you see or experience behaviour or actions at the British Council which you feel:

- affect the safety of children or vulnerable adults
- may be fraudulent
- are harassment.

The British Council is working with Safecall to provide an independent and confidential way to report your concerns.

Safecall will take reports in confidence and you may remain anonymous if you wish.

Report online at
www.safecall.co.uk/report

Our Customer Service team will be happy to help you with any further assistance you may need.

If you need any additional support, contact us on
